MURANAS MABROUKA

JAZZLA CME

Located amidst the lush tropical greenery of Araxá, Minas Gerais, Brazil, Haras Cruzeiro stands as a testament to equestrian excellence and tradition. This vast stud farm, renowned for its Mangalarga breed used in continuous farm operations, has in the last 40 years established itself as a powerhouse in the Arabian horse breeding community.

Owned by the passionate Leandro de Aguiar, Haras Cruzeiro is part of Fazenda Engenho, a 20.000 acre property dedicated to agriculture and cattle farming, where Arabian Horses are a fundamental tool in the daily operations - more than 50 Arabian Horses are fully dedicated to the cattle farming.

Fazenda Engenho was founded in 1830 and is kept in the family for 5 generations, and breeding horses is a tradition that all in Haras Cruzeiro are proud of. "Before being Arabian horse breeders, we are horse lovers. Our relationship with horses spans generations, and this passion drives our commitment to breed horses that are strong, intelligent, and beautiful." - André Cruz, Haras Cruzeiro Manager.

Haras Cruzeiro has become a beacon of quality and innovation. The farm's Arabian horse breeding program, launched with a foundation of exceptional broodmares sired by legends like Ali Jamaal, Lethyf El Jamaal, El Nabila B, Challenger, Marwan Al Shaqab, WH Justice, Eden C, and Legacy of Fame, has gained international acclaim.

The transformative year of 2010 marked a new era for Haras Cruzeiro as Leandro de Aguiar embarked on journeys to Europe, US, and the Middle East.

These trips opened doors to diverse breeding techniques and spurred continuous investments in the farm's quality. Spectacular acquisitions followed, including the legendary US Egyptian Event Champion Stallion Ansata Shaamis, whose arrival in Brazil was celebrated worldwide.

Haras Cruzeiro's barns soon housed rare gems like Shariba, a grey daughter of Gazal Al Shaqab with a swan-like neck, and her famous half-sister Turchiya MPE. These mares, along with others like GHS Mary Rose (WH Justice x Baja Badiya) and FT Havana El Keav (Keav Power x Hillary CVM), have bolstered the farm's reputation for excellence both in show rings and breeding fields.

The farm's breeding success is evident in the quality of their offspring. Recent foals sired by HD Sihr Ibn Massai, a 2x Brazilian National Champion, and EKS Farouk - Brazilian National Champion Young Stallion exhibit elegance, long necks, and good temperament, promising a bright future.

Haras Cruzeiro's journey, marked by passion, strategic investments, and a relentless pursuit of quality, continues to set new benchmarks in the Arabian horse breeding world. With a vision that combines tradition with innovation, Haras Cruzeiro is not just a name but a legacy in the making.

RFI Arabians: From Family Passion to Global Benchmark in Arabian Horse Breeding
Founded in 1991 and located in Itapetininga/SP, RFI Arabians has turned the Forte family's three-generation passion for horses into a standard of excellence in Arabian horse breeding, widely recognized internationally. Over the past 15 years, the stud has stood out in Brazil and globally for the consistency, relevance, and influence of its breeding program.

The legendary stallion RFI Maktub was crucial in setting high-quality standards for the stud, consistently producing national and international champions. His son, RFI Farid, followed in his footsteps, becoming a world champion and sire of a new generation of champions, further enhancing RFI Arabians' reputation. These horses, known for their exceptional beauty, conformation, and movement, exemplify the stud's strategy of combining rigorous selection with the expertise of a dedicated professional team.

RFI Arabians' successes continue with RFI Unique, a young sire making a name both on shows and breeding, perpetuating the legacy of his predecessors globally. Its females also shine in competitions and breeding, emphasizing the matriarch RFI Sophie AlMaktub, dam of national champions RFI Sensation and RFI Sawari.

Additionally, the stud has secured five titles at the Breeders' Cup, a unique achievement for an active stud, showcasing the consistent superior quality of RFI horses and solidifying its position as a leading Arabian horse breeder.

At the same time, RFI Arabians plays a key role in enriching breeding programs in Brazil and worldwide by selling horses, breedings, and embryos to new breeders and renowned international breeders. Looking to the future, RFI Arabians remains committed to advancing its legacy, focusing on breeding Arabian horses that stand out for their beauty, quality, and functionality. As a genuine family business, the stud strengthens the passion that unites the family and resonates throughout the global equestrian community. This commitment to excellence allows RFI Arabians not only to preserve the prestige of its lineages but also to elevate the global standard of Arabian horses, reinforcing its position as a symbol of excellence.

In this auction, in partnership with esteemed friends and fellow breeders, RFI Arabians offers the best of RFI genetics, spanning multiple generations. This allows buyers to experience the excellence of our work and enhance their breeding programs with bloodlines of great distinction and proven ability to produce exceptional results.

Rach Stud started with Arabian horse breeding in 1985, but the Saliba Family's connection with the Arabian Horse goes back to the times when Rachid Saliba, Jamil Saliba father, competed in Arabian Horse races in Syria, before immigrating to Brazil. Horse breeding has always been one of the family's activities, which since the mid-70's was already involved with national breeds and began to get closer to the Arabian breed by acquiring a Arabian stallion, for breeding Arabian Crosses.

In 1985 the first Arabian mare was acquired, officially starting the breeding of Rach Stud, named after its patriarch, and founded by Jamil Saliba and his sons in 1985

In 1986, the entire Saliba Family travels to the USA, gets to know Ventura Farms, Lasma Arabians and other predominantly Polish-bred stud farms and decides to base their breeding program on these strains. With subsequent acquisitions in Poland, Rach Stud had the honor of having in its roster world-class stallions, such as *Gwydion, *Polonez, *Armagnac, *Aicyng, *Sarmata, *Eksport, *Almir, Vivaldi Rach, Pavel Rach, Ulisses Rach and Voltaire Rach. All with expressive prizes, generating track animals, but also producing exceptionally for the sport, thanks to the genetics brought by the Polish national team, from the racetracks, and the genetics of the American Poles, tested in Performance categories. Rach Stud holds the record for the largest number of Brazilian Endurance Championships and has been winning year after year the title of Best Racing breeder, and best three Barrels breeding.

In this decade, following the globalization of the Arabian Horse lineages, Rach began to select stallions from other lines for a greater improvement of the halter program, using as a base a group of mares consistent in their genetics, with stallions of extreme type, but that met the functional criteria required by the philosophy of the holders.

The owners of Rach Stud are proud to have always maintained their ideal of breeding that from the beginning was based on the premise that the individual, before being a good Arabian Horse, needs to be a good horse. To this end, in addition to keeping your animals on the halter ring, the breeding program is tested in various modalities, such as endurance, Racing, Performance, Three barrels and Jumping.

This way, when a Rach Stud breeder excels on the show ring, you can be sure that it has a lot more history running through its veins than just titles won in Halter.

A few numbers that sum up the success of Rach Stud in National shows, Rach is still the record holder of National Senior Horse Champions titles with four victorious stallions, in addition to having won the National Senior Mare championship twice and the National Young Mare championship twice. In total there are 42 gold championships for Halter, 22 silvers and 8 bronzes. In Performance there are 120 Championships and 57 Reserves. Rach Stud is proud to be the only stud farm in Brazil to participate in all Nationals since 1987.

For this Auction, in which we have the honor of participating alongside two of the most important stud farms in the world, Haras RFI and Haras Cruzeiro, we selected our best Halter females, almost all of them tested on the halter ring and breeding, our embryo donors, our TOP 10 of Rach Stud to represent us in the future on the rings around the world.

We always continue to speak in the plural, as a way of paying homage at each important event, to my father Jamil Saliba, who was the mentor of all our creation, and to my brother Paulo, without a doubt, whose love and knowledge for the Arabian Horse have always been the essence of Rach Stud. Whenever we are with the horses, we are with them.

Welcome to another event with the participation of Rach Stud. We're sure you'll like it.

Jamil, Paulo and Ricardo Saliba

TAKE THE UNIQUE OPPORTUNITY TO BREED A LINEAGE OF CHAMPIONS WITH THIS EXCLUSIVE EMBRYO. OFFERING THE POTENTIAL TO PRODUCE YOUR VERY OWN VERSION OF RFI SOPHIE ALMAKTUB, CELEBRATED AS ONE OF THE MOST STUNNING AND PROLIFIC MARES GLOBALLY. THIS EXCEPTIONAL EMBRYO IS CURRENTLY DEVELOPING, WITH AN ANTICIPATED BIRTH IN MARCH 2025. RFI SOPHIE ALMAKTUB HAS AN ILLUSTRIOUS HISTORY, CROWNED AS THE PREMIUM CUP (HIGHEST SCORED HORSE) AT THE 2011 BREEDERS CUP AND THE 2018 BRAZILIAN NATIONAL GOLD CHAMPION MARE. HER LEGACY INCLUDES THREE BRAZILIAN NATIONAL CHAMPIONS: RFI SENSATION (BY JAZEER DE WIEC), RFI SPLENDOR (BY EL TINO), AND THE REMARKABLE RFI SAWARI (BY EXCALIBUR EA). THE 2023 BRAZILIAN NATIONAL GOLD CHAMPION MARE. THESE ACHIEVEMENTS HIGHLIGHT THE EXTRAORDINARY STRENGTH AND CONSISTENCY OF HER MATERNAL LINEAGE. MOREOVER, IT'S NOTABLE THAT HARAS CRUZEIRO HAS A NEWLY BORN FILLY FROM THE SAME CROSS, ALREADY ACCLAIMED BY PROFESSIONALS AS HIGHLY EXCEPTIONAL. THIS OFFERING IS NOT JUST AN INVESTMENT IN AN EMBRYO BUT A STAKE IN A PROVEN LINEAGE OF EXCELLENCE AND DISTINCTION. DON'T MISS THE CHANCE TO ADD THIS UNPARALLELED GENETIC HERITAGE TO YOUR BREEDING PROGRAM.

RFI PHENOMENA, A HIGHLIGHT ON THE RFI WINNING TEAM AT THE 2021 BREEDERS CUP AND 2020 BRAZILIAN NATIONALS CLASS WINNER, RANKS AS ONE OF THE MOST PROMISING AND YOUTHFUL BROODMARES WITHIN RFI ARABIANS. CELEBRATED AS ONE OF THE MOST EXQUISITE DAUGHTERS OF QUASIM CRH, THE SUCCESSOR TO RFI MAKTUB, HER DAM, THE ESTEEMED EVENING STAR TGS (BY LUMIAR AMADEUS), IS THE MOTHER OF THE 2019 BRAZILIAN GOLD NATIONAL CHAMPION MARE, LUMIAR ETHNA (BY RFI MAKTUB), AND OTHER NOTABLE STARS. RFI PHENOMENA IS NOT ONLY REVERED FOR HER FLAWLESS CONFORMATION AND BREATHTAKING BEAUTY BUT ALSO AS A NEW KEYSTONE OF HER EXTRAORDINARILY CONSISTENT MATERNAL LINEAGE. THIS MARE ENCAPSULATES THE TOP OF EXCELLENCE, BLENDING SUBLIME AESTHETIC ELEGANCE WITH THE ROBUSTNESS OF A STORIED PEDIGREE. HER UPCOMING FOAL, Sired BY RFI UNIQUE—ONE OF THE PREMIER YOUNG STALLIONS MAKING WAVES IN GLOBAL BREEDING—IS EXPECTED IN APRIL 2025, OFFERING AN UNRIVALED OPPORTUNITY TO INFUSE YOUR LINEAGE WITH UNPARALLELED QUALITY AND CHAMPIONSHIP-CALIBER GENETICS.
